CERTIFIED CARBON-NEUTRAL CHARTER FLIGHTS

Elit'Avia offers block hours by way of our Green Card – an innovative jet card program that offers certified carbon-neutral charter flights with the transparency of all-inclusive fees.

The Elit'Avia Green Card provides the freedom to fly on your own terms – without long-term contracts or hidden fees and is the ideal solution for clients flying 25-100 hours per year.

The Elit'Avia Green Card offers one of the biggest jet card service areas in Europe – spanning the continent and extending to North Africa and the Middle East that ensures the carbon neutrality of charter flights by calculating estimated average CO2 emissions generated per flight for which carbon offset credits are purchased and investments are made in certified projects worldwide.

GREEN CARD FEATURES

- All-inclusive rates
 - Fully-refundable hours that never expire
 - Fixed hourly rates per aircraft category
- Packages starting from 25 hours on VLJ, LJ, and mid & super mid-sized jets
 - Guaranteed availability with a 72-hour notice
- Covering all of Europe as well as parts of the Middle East and North Africa
 - And most importantly, 100% carbon offset!

AVAILABLE AIRCRAFT CATEGORIES

VERY LIGHT JET (VLJ)

Examples of aircraft in this category:

Phenom 100 | Mustang | Cessna Citation CJ

Passengers: 4-6

Range: 600-1200nm

Speeds: Up to 480mph

Examples of aircraft in this category:

Learjet 60XR | Citation XLS | Hawker 850

Passengers: 5-10

Range: 2000-3000 nm

Speeds: 430-480mph

MIDSIZE JET

Examples of aircraft in this category:

Challenger 300 | Citation X | Falcon 2000S

Passengers: 8-10

Range: 3400-3600 nm

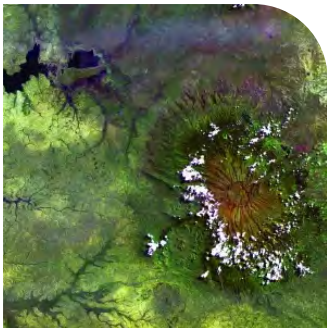

Speeds: 490-590mph

HOW ARE EMISSIONS OFFSET?

All you have to do is fly - we will handle the rest!

Elit'Avia has partnered with Azzera for purchasing high quality carbon credits, allowing us to offset 100% of the emissions from our charter fleet, and ensure investments are made in certified environmental projects worldwide.

Some examples of the projects that Elit'Avia is proud to support

Biochar Carbon Sequestration Carbon Offset

Bioenergy – Clean Energy from Biomass Residues Carbon Offset

Bujagali Hydropower Generation Project Carbon Offset

Kubratovo Wastewater Treatment Methane Capture Carbon Offset

Monet Forest Conservation Carbon Offset
